

RECEPTIONS

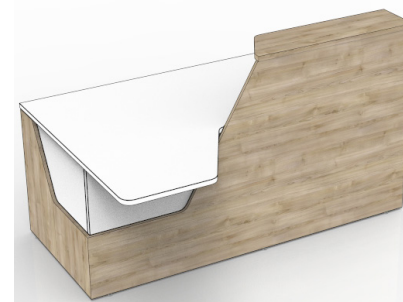

Aloha, Karibu, Maeva

tayco®

Reception COLLECTION

Designed with intention, Tayco's Reception Collection elevates the initial impression of every passerby.

Tayco's Reception Collection was specifically created to elevate a visitor's experience. The need for an impressionable reception area has grown greatly. In today's world prospective Customers and employees form their opinions of carefully curated brands through internet research and social media. It is vital to make sure their first physical touchpoint echo's the story a brand is telling.

Crafted with high-quality, durable materials, the Reception Collection provides highly customizable solutions for every user, including a wide range of sizing options, straight and L shape configurations, and ADA compliant offerings.

The Reception Collection is built to make a statement. The three original styles available in a wide range of finish options, create an inviting environment that will never go out of style.
